Influential advocacy

We will cement our role as the unified national voice for Canadian universities, driving a proactive policy agenda and ensuring our members' priorities are influential in federal policy development.

Championing universities' value

We will drive a coordinated national effort to increase public confidence, proactively demonstrating the immense value and societal contributions of our member institutions.

Convening

We will create a rich, integrated dialogue with members, fostering greater alignment and collaboration by strategically engaging a wider array of senior leaders and hosting high-impact signature events.

Together we are building a strong, trusted and influential university sector,

one that is empowered to find solutions to the world's most pressing challenges and to continue its essential work of building a better, more prosperous future for all Canadians.
